Beauty and the Beast

How have you experienced the longing to be loved?

What characteristics of your nature would you describe as more beastly than beautiful?

Insights from 2 Corinthians 3:

When we take time to _____ who God is,
He _____ to be
a _____ who God is.

Consider this for personal reflection this week ...

- > Where do you need God's transforming work in your life?
- > What is your "West Wing"? Will you invite God into that place to begin healing and transforming you?
- > When was the last time you allowed yourself to just drink in the reality of who God is? Take some time to simply behold Him this week.
