

Frequently Asked Questions:

When do we bring our Financial Commitment Cards?

Cards should be brought to church next Sunday, February 28. If you cannot attend next weekend, please fill out a card this morning and turn in at the Legacy Information Table.

Who will see my pledged amount?

Pledges will be gathered by our Financial Commitment Team and held confidential. You will receive periodic reminders in the mail of your amount pledged and the amount that has been given.

When we will know the total amount pledged?

During our celebration luncheon next weekend, we will announce the total amount that has been pledged for our Legacy Campaign. We also anticipate additional pledges to come in later. Our giving meter will be present throughout the campaign to remind us how much is pledged and given.

How do we give?

At the church, make sure to use a giving envelope and put your name and account designation on it. "Legacy" or "Building Fund" will help us differentiate between "Tithe" or "Regular Giving." When giving online, please select "Building A Legacy Campaign" under the various account designations.

When do we start giving?

You may begin your giving toward our Legacy Campaign today through the end of February 2019.

Can I shift my regular giving toward this campaign?

Please do not shift your current giving toward our new capital campaign goals. Our ministries need your consistent giving in tithes to continue operating the way they are. Legacy Campaign giving should be above your current giving levels.

Can people participate later?

As our church continues to grow, we will be inviting our new friends to join us in this incredible journey.
