

Frequently Asked Questions:

What is this campaign all about?

The BAL campaign is about every attendee at FCC participating in establishing a Godly Legacy in their life. This is accomplished through the ministries they will participate in, as well as the stewardship principles they will live by.

Are we building a new building?

Part of the campaign is focused on raising enough funds over a 3-year period of time that we can add space that will offer us more opportunities to accomplish our ministry goals. This new structure and remodel project is estimated to cost nearly \$1.2M.

What was our total amount pledged last weekend?

Our pledged amount stands at just under \$1,100,000! That is absolutely a miracle amount! We are so blessed!!

Can we still pledge toward this campaign?

Yes. We will receive cards anytime through March and beyond. As new families come to our church, this vision and mission will be shared with them as a part of our “new attendee luncheons” and opportunities to get involved will be offered.

How do we give?

At the church, make sure to use a giving envelope and put your name and account designation on it. “Legacy” or “Building Fund” will help us differentiate between “Tithe” or “Regular Giving.” When giving online, please select “Building A Legacy Campaign” under the various account designations.

When do we start giving?

You may begin your giving toward our Legacy Campaign immediately through the end of February 2019.

Can I shift my regular giving toward this campaign?

Please do not shift your current giving toward our new capital campaign goals. Our ministries need your consistent giving in tithes to continue operating the way they are. Legacy Campaign giving should be above your current giving levels.

When will we start building?

We must have half of the needed funds in hand before we begin with the other half safely pledged. This could be very soon or this could be a year from now. That is in God’s hands! Our Board will be keeping the church informed with updates regularly.
