

A Note Regarding our Multiple Services Follow Up:

Dear Church Family:

Over the past month, our Board heard from many of you regarding our follow up to our new multiple service format. Insight was gained through some written responses and many other conversations that took place before and after church.

Most of the comments could be placed in two categories: first, those who like the flexibility that 2 services offers, and second, those who understand our need for 2 services but who still miss various aspects of a single service.

As a leadership team, we deeply appreciate your understanding as we look toward improving the impact that our church can have in each of our lives and in the lives of those who will attend someday. In our resolve to make more space for growth, we feel it is important to move forward with our multiple service format while simultaneously working on two initiatives:

First, Bob Coe is leading a group a people who will be offering direction on a facility master plan. They will be looking at ways our church needs to expand to accommodate growth in each of our ministries plus they will consider ways we can address needs within our community.

Second, Mark Burba will be leading a team that will be considering the best ways to help raise the capital required to accomplish our expansion goals. The reality is that it will take a great deal of resources and sacrifices to see that become a reality. God is able!!

We are excited to get working on these initiatives for our future while continuing to provide excellent ministry opportunities right now! God is blessing our church—let's stay excited as we await what He has for us next!
