

# H O P E

## WEEKLY REFLECTION & CHALLENGE SHEET

"HOPE HAS COME" | April 4, 2021

### ICE BREAKERS:

What is your favorite tradition surrounding Easter?

If you could go back in time, what tradition would you change about Easter?

### DISCUSS:

What happens when we plan for something and it turns out completely different?

How does this impact our idea of "hope"?

How many different times did Jesus tell his followers about his future? (see Mark 8:31; Luke 9:44; Matthew 20:18-19)

Why do you think they didn't understand what he was saying?

How did the level of hope change throughout the final moments of Jesus' life? (consider his final moments)

### We often put our HOPE in the wrong OUTCOMES.

How does this impact the desires we have for: marriage, friendships, work, health, or finances?

How does our hope change with the resurrection of Jesus?

**Through the RESURRECTION of Jesus, God RESTORES hope!** (See 1 Cor. 15:54-57)

### In Jesus there is a LIVING Hope!

How does this hope of Jesus go beyond Easter and impact every area of my life?

**What happens when living hope is given access into our lives?**

### APPLY IT:

What part of your life has suffered with a serious lack of hope?

How could the Living Hope of Resurrection impact your view of that situation?

How can trusting in Jesus change your outlook of hope for your future?
